Re: New Northwest Broadcasters LLC
FCC Antenna Structure Registration #1005017
FCC Application for Ownership Change of Registered Antenna Structure

Dear Ms. Leer:

Pursuant to our discussion today and on behalf of New Northwest Broadcasters LLC ("NNB"), enclosed is an application to transfer the FCC antenna structure registration for the tower bearing antenna structure registration #1005017 from NNB to Donald G. Creamer, Sr. As we also discussed, pursuant to the instructions of the FCC's staff and as noted on the application under question #3, also enclosed is a CORES registration form for an FCC Registration Number for Donald G. Creamer, Sr. We very much appreciate your assistance in processing this ownership change application.

We understand that once the application is granted, the FCC will send Donald G. Creamer, Sr. a revised registration and will send NNB a letter notifying it that the ownership of the tower has been changed. We would very much appreciate it if you would fax a copy of the notification letter for NNB to my attention at 202-776-4453.

Please date-stamp the enclosed copy of this letter and return it to our office using the enclosed self-addressed, stamped envelope as confirmation of filing.

Please feel free to call me if you have any questions. Thank you very much for your assistance.

Sincerely yours,

Nam E. Kim
